

## PRESS RELEASE

### **Planet Ocean Ltd is pleased to announce the signing of an exclusive distribution agreement with SIDUS Solutions LLC for the UK and Ireland.**

We are delighted to announce the signing of an exclusive representation agreement with San Diego based **SIDUS Solutions LLC**. **SIDUS** provides the very best undersea situational awareness equipment available today. Their extensive product offerings include high-definition cameras, electric pan and/or tilt positioner systems, feature rich underwater lighting and projection lasers. The **SIDUS** product range also comprises laser scan video systems, and integrated light/strobe/laser systems. More over **SIDUS** has the full technical capability to undertake bespoke challenges address emerging problems in automated undersea inspection and visualisation.

Planet Ocean M.D Terry Sloane commented *"Our partnering with SIDUS builds upon our experience of supplying high quality underwater robotics in the form of ROV & AUV technology and we are delighted to once again team with an innovative, industry leader in their field who provides cutting edge equipment with capabilities that push the boundaries."*

Planet Ocean will be providing pre and post-sales support and first level service from their Camberley Surrey base.

For more details about **SIDUS Solutions** products contact [sales@planet-ocean.co.uk](mailto:sales@planet-ocean.co.uk) or Visit: [www.sidus-solutions.com](http://www.sidus-solutions.com)
