Commodities/Services:

SIDUS Solutions specializes in comprehensive security and surveillance systems, offering services that include:

- EPCi, Design, Engineering, and Installation of integrated CCTV Surveillance Systems (ATEX, IP67).
- Access Control, Intrusion Detection Systems, Secure Communication Networks, Magazine Security, Electromechanical Locks.
- Frequency Converters (Aviation), 400Hz Control Panels, Shipboard Cable.
- Blown Optical Fiber, COTS Multi-Function Monitors (MFM), Video AMP, Line Isolation Monitor and Control Panels, Secure Space Announcing Systems, Intercom Stations, Sound Powered Telephones, Dial Telephone PBX, Entertainment and Training Systems Equipment.
- IC Switchboards Signal Amplifiers, Announcing Equipment, Alarm / Ind Unit Carbon Monoxide, Intercom Stations, Power Suppliers, Amplifiers, Shipboard Fire Protection.
- Customized Audio-Visual Equipment and Training Systems.
- Shipboard Fire Detection with Integrated Announcing Systems.

Strategic Vendors:

- Pelco, Hanwha/Samsung, Eaton/Hernis Scan Systems: Advanced CCTV and Security Systems.
- Hobart Power Systems and Apex : Aviation Frequency Converters.
- Boland/Atlas: Industrial/Marine Monitors and high-quality Display Solutions.
- Honeywell: Fire Detection and Power Sensors.
- General Electric (GE): Power Modules and Electronic Components.
- TE Connectivity: Shipboard and Electronic Cable Solutions.
- Corning Incorporated: Fiber Optic Cable.
- Cisco Systems: Network Infrastructure and Video Equipment.
- Bose Corporation: Audio Solutions.
- Rockwell Automation: Control Systems.
- Hose-McCann Communications: Public Address/General Alarm, Dial Telephone PBX, Sound-Power Telephones, Interior Wireless Communications System, External Communications.

Defense Client List: US Coast Guard, US Navy, Raytheon, Army Corps of Engineers, NIWC, NAVSEA, Military Sealift Command, Lockheed Martin, Northrop Grumman, NIWC, CACI, Leidos, Boeing, General Dynamics, General Dynamics - Nassco, NASA, NOAA, QinetiQ North America, Naval Coastal Systems.

SIDUS Solutions is committed to delivering high-quality products and services, leveraging experienced leadership and rigorous business processes. Our focus on meeting and often exceeding technical and environmental requirements ensures that we provide superior customer support and services, ensuring reliability, consistency, and precision in all offerings.
